

# vanderToolen Associates

Welcomes New Shareholders!

*A message  
from Phil!*

January 2024

2024 commences with vanderToolen Associates Landscape Architects celebrating its 30th anniversary and I am thrilled to announce another significant milestone, three new shareholders.

Please welcome Mary McGovern, Jacqueline Smyth, and Katherine Mendenhall as our next generation of leaders. Each of these individuals have over a decade of experience with the firm.

I will continue in my role as vanderToolen Associates Founder and President and truly excited to continue mentoring and sharing my over four decades of professional experience with our new partners.

And all of us look forward to continuing our relationships and collaborating with our incredible clients, talented fellow consultants, and professional colleagues.

Please feel free to contact me if you have any questions.

Best regards,

Phil vanderToolen, ASLA, RLA  
President, vanderToolen Associates
